I was practically shocked to find a large one thousand % welcome bonus as soon as I registered a real play account at Cool Cat Casino. Here is how I asserted this benefit: 1st downloaded the online gaming software and registered a real play account. 2nd, I visited the cashier and got the bonus code 1000BONUSEXPLOSION and got \$100 in my account. 3rd, I played hard for five days simply because every single dollar I was likely to win was likely to get me a signup incentive of one %. You'll be able to win as much as one thousand % on your initial deposit though I didn't win it all. Fourth, to claim this incentive, I had to invest \$25 in the casino.
